# ABOUT VOGNYAR

VOGNYAR — is a few lines of hot sauces and other kinds of spicy output made from fresh Ukrainian pepper.

We are sure that hot food makes people happy. Our company has invented our own unique technology of cold fermentation that helps to keep flavor and taste of fresh hot pepper inside sauce.

For sauces production, we use more than 15 varieties of hot pepper!

We ground fresh pepper and keep it in the oxygen-free tank for 40-50 days; this time is enough for fermentation process. Next, we separate the mash, after add some vinegar, salt and spices.

Our main line and extra-hot lines we make using this production technology. The only difference between the main and extra-hot lines is the variety of pepper that is used. These lines are sugar-free, contains no preservatives, starch or other stabilizers, artificial flavors and dyes.

Marmalade line: sweet hot pasteurized sauces. Manufactured from Ukrainian hot pepper, called Ram's Horn. We take pepper with different ripeness degree, mix with sugar, fruits and vegetables, and add some spices.

Our manufactures are certified according to the ISO 22000:2007/HACCP

# MAIN LINE 200 ml
